

Build a better narrative—faster.

ExactBid Narrative1 is the commercial appraisal industry's foremost end-to-end report writing solution complete with top-rated tools, features and services. Users can eliminate repetition, focus on delivering high quality reports, and maximize earnings by producing more in less time.

Narrative1 is a secure cloud-based comps database solution with a best-in-class automated report writer that integrates easily with Microsoft Excel® and Word®.

Narrative1
■ exactbid

Slash narrative report development time by up to 40%.

Today, banks are fighting harder for loans. Deals develop faster, and technology continues to accelerate the pace. That means quicker RFP turn-time expectations for appraisal and due-diligence professionals.

And while expecting a high-quality product, they seek competitive pricing. Narrative1 solves the problem—helping you remain competitive, automating the time-consuming narrative appraisal report development process, and

delivering a product worthy of your reputation.

Your Brand. Your templates. Narrative1 enables report customization with your brand identity, fonts and layout preferences. It's an end-to-end appraisal-writing solution complete with top-rated tools, features and services. To ensure you are using the solution as proficiently as possible, ExactBid professionals will help you understand everything from software installation and comps data

migration, to template use. Choose personalized support or self-service with Web-based instruction.

Everything we do is designed to help you transition smoothly from your firm's current appraisal process into the faster, simpler, integrated Narrative1 appraisal workflow.

Smart features save time and ensure greater accuracy
